

# Sendoso + Shopify

Allow your company store items to be fulfilled by Sendoso when an order is placed via Shopify through the Sendoso Swag Stores™.

## Quick and easy set up.

With the Sendoso + Shopify integration, simply map your Shopify Products directly within your Sendoso Swag Store™ Products. When a product is purchased via Shopify on your company store, Sendoso automatically fulfills the order request with Sendoso's RPA capabilities.

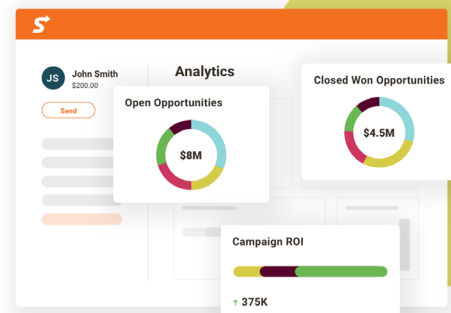

## Track orders placed via the Sendoso + Shopify integration with Send Tracker.

Never guess the status of an order again. Have visibility into which orders are processing, out for delivery, and delivered, along with quick access into all order tracking details.

## Measure success and pipeline influence for items tied to Salesforce campaigns.

If you're a Salesforce user, easily connect any of your Products to a Salesforce campaign to measure ROI and campaign influence across your revenue funnel.
